Section 2. Preliminary requirements on capacity and experience of investors (E-YCSBNLKN)

E-YCSBNLKN includes requirements on financial capacity and experience. The details shall be according to Chapter II – Preliminary evaluation on capability and experience of investors.

Section 3. Clarification of E-YCSBNLKN

3.1. In cases where the investors want to have E-YCSBNLKN clarified, a request for clarification must be sent to the Sở Kế hoạch và Đầu tư Thanh Hóa by the investors in writing or via the National Electronic Procurement System (VNEPS) no later than 05 working days before the deadline for registration applications for project implementation submission for consideration and processing.

3.2. After receiving the request for clarification within the stipulated time, Sở Kế hoạch và Đầu tư Thanh Hóa will clarify and post the clarification on the VNEPS no later than 2 working days before the deadline for registration applications for project implementation submission, including the content of clarification request without any information of the investor. In cases where the clarification leads to the modification of preliminary requirements on capability and experience, Section 4 of this Chapter shall be applied.

Section 4. Modification of E-YCSBNLKN

4.1. In case where modifications in preliminary requirements on capability and experience are needed, Sở Kế hoạch và Đầu tư Thanh Hóa shall post the decision on modifications with the detail of modifications on the VNEPS no later than 10 working days before the deadline for registration applications.

4.2. In case the time of publishing modifications of E- YCSBNLKN does not meet the requirements in Section 4.1 of this Chapter, Sở Kế hoạch và Đầu tư Thanh Hóa shall accordingly extend the deadline to comply with the above regulations. The extension shall comply with the

regulations of Section 6.3 of this Chapter.

Section 5. Language

E-HSĐKTHDA as well as all correspondence and documents exchanged between Sở Kế hoạch và Đầu tư Thanh Hóa and the investors related to the invitation for expression of interest shall be written in Vietnamese and English.

Section 6. Registration applications (E-HSĐKTHDA) and deadline for submission

6.1. E-HSĐKTHDA prepared by the investors must include forms and relevant documents as prescribed in chapter III - Forms.

6.2. The investors shall submit their E-HSĐKTHDA on the VNEPS before 15 o'clock, on 23rd August 2024.

6.3. Sở Kế hoạch và Đầu tư Thanh Hóa may extend the deadline for submitting E-HSĐKTHDA in the following cases:

- a) Modify the E-YCSBNLKN as prescribed in Section 4 of this Chapter. Upon extension, Sở Kế hoạch và Đầu tư Thanh Hóa shall post an announcement on the VNEPS;
- b) Need to increase in the number of investors as prescribed at point b, Section 9.2 of this Chapter. Upon extension, Sở Kế hoạch và Đầu tư Thanh Hóa shall post an announcement on the VNEPS and send it to all investors who submitted their registration applications for project implementation. The extension must comply with the decision of the Chairman of the People's Committee of Province. The investor who has satisfied the requirements does not need to resubmit the registration applications.

Section 7. Modification and replacement of E-HSĐKTHDA

7.1. After submission, the investors can modify, replace or withdraw E-HSĐKTHDA via the VNEPS before the deadline for submission of registration applications for project implementation.

7.2. After the deadline for submission of E-HSĐKTHDA, the investors may not withdraw E-HSĐKTHDA which have been submitted.

Section 8. Clarification of E-HSĐKTHDA, preliminary evaluation on capability and experience of investors

8.1. Clarification of E-HSĐKTHDA

The investors are responsible for:

- a) Clarification of their E-HSĐKTHDA at the request of Sở Kế hoạch và Đầu tư Thanh Hóa or;
- b) Self-clarify and supplement documents proving the legal status, capability and experience when the investors discovers that the registration applications for project implementation lacks information and documents on their capability and experience but have not yet submitted along

with the registration applications for project implementation. All requests for clarification and correspondence of investors must be made on the VNEPS.

The investor's clarification is only approved in case it is sent through the system before the time of announcing the results of the preliminary evaluation of the investor's capacity and experience. In case of sending a written clarification after the time of notification of preliminary evaluation results of capacity, experience, clarification documents and attached information and documents (if any) will not be considered and evaluated.

8.2. Preliminary evaluation on capability and experience of investors.

The preliminary evaluation on capability and experience of investors shall be based on the preliminary requirements on capability and experience, registration applications for project implementation of investors and the documents clarifying the registration applications for project implementation (if any).

Section 9. Announcement of results of preliminary evaluation on capability and experience of investors

9.1. After assessing the preliminary evaluation on capability and experience of investors, Sở Kế hoạch và Đầu tư Thanh Hóa shall post a list of qualified investors on the VNEPS.

9.2. Based on the evaluation results, according to the provisions of Clause 3, Article 29 of Law on Investment and Clause 3, Article 29 of Decree No.31/2021/NĐ-CP, in case only one investor qualifies the preliminary requirements on capability and experience, and based on the project implementation progress, investment attraction objectives and other specific conditions of the project, the Chairman of the People's Committee shall consider and decide under one of the following two options:

- a) Option 1: Notify and guide the investors to submit the application for investor approval in accordance with the provisions of the investment law if the organizational process has ensured publicity, transparency, competition and the project requires an acceleration;
- b) Option 2: Extend the deadline for project implementation registration so that other potential investors have the opportunity to access information and submit registration applications for project implementation to increase competition. The extended time is decided by the Chairman of the People's Committee. The investor who has met the requirements does not have to resubmit the registration applications for project implementation.

After the extension, based on the results of preliminary evaluation on capability and experience of investors, follow-up procedures shall comply with the corresponding provisions in Clauses 4, 5 and 6, Article 13 of Decree No.25/2020/NĐ-CP (as amended and supplemented in Clause 6, Article 108 of Decree No. 31/2021/NĐ-CP).

9.3. In case where there are at least two qualified investors, the selection of investors will be

carried out in the form of open bidding as prescribed at Clause I and Clause 2, Article 10 of Decree No.25/2020/NĐ-CP and Clause 3 Article 108 of Decree No. 31/2021/NĐ-CP. Bidding documents are widely released to investors, including ones those are not on the list of qualified investors.

CHAPTER II

PRELIMINARY EVALUATION ON CAPABILITY AND EXPERIENCE OF INVESTORS

Section 1. Evaluation method

1.1. The preliminary evaluation of the investors' capacity and experience shall be applied to the pass and fail evaluation method. Investors are assessed as meeting the preliminary requirements on capacity and experience when all criteria are assessed as passing.

1.2. For joint venture investor:

a) The equity of the investor in the joint venture is equal to the total equity of the members of the joint venture. At the same time, each joint venture member must meet the requirements corresponding to the equity contribution according to the joint venture agreement if any member of the joint venture is assessed as non-conforming, the joint venture investor is assessed as not meeting the equity requirements.

The leading investor in the joint venture must have a minimum equity contribution ratio of 30%, each joint venture member must have a minimum equity contribution ratio of 15%.

b) The project implementation experience of the joint venture investor is equal to the total member of projects implemented by the joint venture members.

Section 2. Evaluation criteria

The evaluation of investors' capacity and experience is made according to Table No.01 below:

Note:

(1) The investor's equity is determined on the basis of financial performance in the investor's most recent annual financial statement audited by an independent audit agency and the financial statements between audited period as prescribed by laws (if any). In case the investor is a newly established organization during the year, the investor's equity is determined based on the financial statements audited by an independent audit agency for a period of time from the date of establishment until the time of bid closing or the audited interim financial statement at the latest time before the time of bid closing as prescribed by laws. In case the owner's representative, owner or parent company contributes equity, the owner's representative, owner or parent company must have a written commitment and financial statements evidencing sufficient capital to contribute according to the financial plan of the project.

In case at the same time the investor participates in many projects and other long-term financial investments (if any), the investor makes a portfolio of projects and other long-term financial investments, ensuring that the total equity of the investor is sufficient for the entire amount of equity that the investor commits to perform for all projects and other long-term financial

investments as prescribed.

At the time of signing the project contract, the investor responsible for submitting to the authorized state agency or the signing-contract authorized state agency a financial plan that ensure sufficient equity capital mobilization and documents evidencing the satisfaction of equity requirements as prescribed in the contract.

Investors must declare information and provide documents on financial capacity according to Form No.02 Chapter III-Forms.

(2) Investor experience:

(i) Projects and bidding packages implemented by the investor must satisfy the technical and quality requirements under the signed contract to be considered and evaluated.

(ii) For projects with large investment scale, where there is no investor with experience in implementing similar projects, the bid solicitor shall base on data on implemented projects, the possibility of investment divergence. investment of the project under consideration to determine the investor's experience requirements. In this case, the investor's experience requirements can be adjusted to be lower than the guidelines but must be consistent with market and project implementation requirements. During the review and evaluation process, it is necessary to ensure that the investor has sufficient financial and technical capacity to implement the project. The project implementation requirements in the bidding documents and contracts must ensure that the investor's responsibilities are fully specified and the handling measures (sanctions, compensation for damage, handling in the next stage) must be met in case the investor implementing the project fails to meet the requirements on progress and quality. The authorized state agency may stipulate that the contract performance security value is 3% of the total investment of the project.

(iii) Completed or completed most of the construction: The project or bidding package has been pre-accepted for work items or works or is in the operation stage or has been finished prescribed.

(3) Investors provide their experience according to Form No.03 Chapter III - Forms. Investors are only allowed to cite their experience in implementing a similar project once. In case of having a partner, there must be a cooperation agreement signed between the leading investor of the joint venture and the partner.

Method of converting projects: 01 project of type 2, 3 is equal to 0.5 project of type 1. In case the number of projects, after conversion, is not an integer, the rounding shall be as follows: the decimal part ≤ 0.5 , it is calculated as 0, the decimal part > 0.5 , it is calculated as 01 project.

(4) (5) (6) For projects that have not yet clearly determined the value of the total investment (or the value of construction and installation tasks) in the approval documents and project contracts, the investor must provide proving documents to determine this value.
